ABOUT ME

Motivated and adaptable software development student with a background in archaeology and experience in accounting. Skilled in teamwork, task completion, and flexibility. Currently developing technical skills in web development while pursuing studies in the Netherlands.

EXPERIENCE

2017 - 2018

Trip Coordinator & Scheduler

Al-Shahba Transport Company, Sweida, Syria

- Managed and scheduled transportation routes, ensuring optimal efficiency and minimal delays.
- Coordinated travel arrangements and logistics, providing seamless experiences for clients.
- Communicated with customers and partners to confirm bookings and resolve scheduling conflicts.
- Monitored trip execution and addressed any operational challenges to maintain service quality.
- Assisted in organizing resources and optimizing scheduling to maximize productivity.

Projects

Currently working on academic projects as part of

2024 - 2025

my software development studies at MBOrijnland

Online Bookstore Webpage (GitHub Hosted)
- Developed a fully responsive webpage for an online bookstore using HTML, CSS, and JavaScript.
- Implemented a structured layout, interactive UI elements, and basic functionality for browsing books.
- [GitHub Link: Your GitHub Repository Link]

Chess Board (CSS, HTML, JS) (GitHub Hosted)
- Designed and built an interactive chessboard using CSS Grid and JavaScript.
- Implemented dynamic styling and movement logic to enhance user interaction.
- [GitHub Link: Your GitHub Repository Link]

Portfolio Website (GitHub Hosted)
- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.
- Showcases projects, skills, and experience in an interactive and visually appealing format.
- Implemented smooth navigation, responsive design, and animations for a modern user experience.
- [GitHub Link: Your GitHub Repository Link]
